- To deliver better outcomes & maintain the organizational sanity

A seasoned manager who has faced challenges with conflict management, critical conversations, communicating change, enhancing the capability of the team, will gain an understanding of dealing these challenges effectively and gain an awareness of latest leadership trends.

An aspiring entrepreneur looking to build and lead a team of high performers, who is looking forward to forge a culture of self-motivation, self-efficacy, accountability, ownership & cope up with today's challenges.

A Highly motivated professional who wishes to take a people/team management role, seeking opportunities for career growth and advancement. Enthusiastic about acquiring leadership skills and staying updated with industry trends.

Learning Outcomes

Understanding Contemporary Leadership Challenges:

Participants should gain an awareness of the current challenges in leadership, including global trends, technological advancements and socio-economic changes impacting leadership roles.

Application of Core Leadership Model:

Participants should be able to apply a foundational leadership model that integrates key principles and practices essential for effective leadership in diverse situations.

Cultivating a Leadership Mindset:

Participants should develop a leadership mindset that encompasses qualities such as resilience, adaptability and a commitment to continuous learning and improvement.

Knowledge of Various Leadership Styles:

Participants should be familiar with a range of leadership styles, including ethical, autocratic, democratic, transformational, and servant leadership, and understand when each style is most appropriate.

Self-Reflection and Leadership Style Identification:

Participants should engage in self-reflection to identify their own leadership styles, strengths and areas for development, fostering self-awareness crucial for effective leadership.

Adaptation to Virtual and Hybrid Leadership:

Participants should gain insights into leading virtual or hybrid teams, understanding the unique challenges and opportunities presented by remote work and developing strategies for effective leadership in these environments.
